

2022 Impact Report

Dear Aspetuck Land Trust Members,

On March 20, the United Nations warned of a “catastrophic” global rise in temperature within the next 10 years, cautioning that “there is a rapidly closing window of opportunity to secure a livable and sustainable future for us all.”

The report both alarmed and saddened me. It made clear that the world is not doing enough to beat the climate crisis and that future generations (even our own!) will suffer if we don’t do more to change the speed of global warming.

Moreover, what can individuals do to help?

But as I thought more about the report’s dire warnings, I took comfort in knowing that Aspetuck Land Trust has been helping alleviate the climate crisis for 57 years (long before we even knew we were in one!) by preserving and conserving land. And through our Green Corridor Initiative, we are engaging Fairfield County residents to live more sustainably and promote biodiversity in their own backyards.

At ALT we’re not saving the Amazon Rain Forest, but the science is the same for an open acre in Southwestern Connecticut as it is in Brazil.

Here’s what we’ve been doing together:

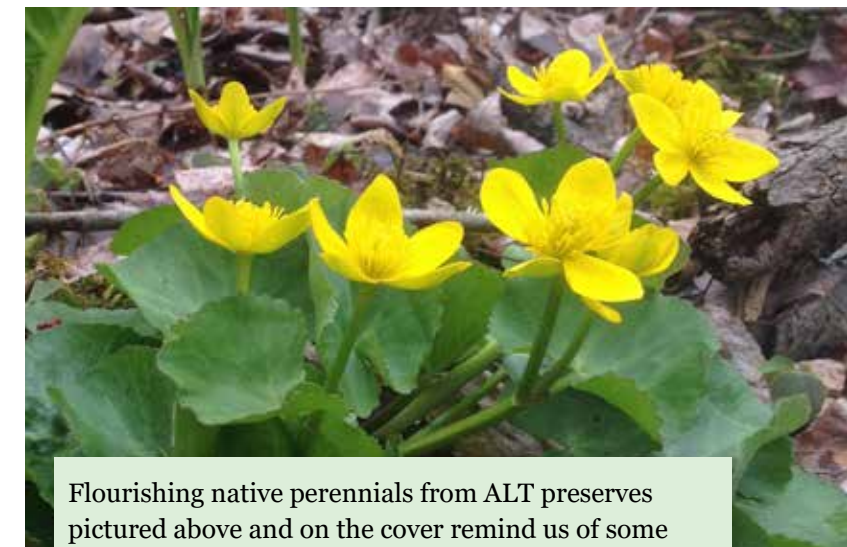

- **Forest and Field Preservation** – Our 2,144 acres of preserved lands are referred to by some as the “Lungs of Fairfield County.” Preserved lands are crucial for climate resiliency, capturing greenhouse gases, carbon sequestration, filtering water, cleaning pollutants from the air, and providing healthy habitats for native plants and wildlife. In 2022, we partnered with the town of Easton to preserve 30 acres on the upper portion of the Mill River, which supports a wild brook trout population, one of only a few in the state! Lands like these provide immense ecosystem services while giving people a place to sooth their souls by connecting with nature and providing a profound sense of wellness in an increasingly fractious world.
- **Green Corridor Pledge** – In 2019, ALT committed itself to extending our environmental influence by encouraging homeowners to adopt sustainable landscape techniques, reduce the size of their lawns, create habitat for birds and insects, and use less of the water, fuel, and pesticides required by the green lawns currently blanketing our regional landscape. The resulting patchwork quilt of small “preserved properties” extends well beyond ALT’s larger nature preserves. Over 1,500 people have taken the Green Corridor Pledge to make their yards more biodiverse, and you can see them all on the Homeowner section of our website. To help them get there, we have offered lectures to thousands of homeowners and

have sold 34,000 native plants at our annual plant sales. These have benefited everyone, and our efforts will continue because they’re making a difference.

- **Building Bridges to Bridgeport** – Supported by generous individual donors and grants, we are now working more closely with our underserved neighbor, long in need of better access to nature. Our Building Bridges program brings residents to our preserves for hikes, workshops, and nature experiences for young people. We recently received a \$400,000 state grant to establish seven micro-forests adjacent to public schools in Bridgeport. The grant will be spent over two years, and we expect to discover more opportunities to engage, innovate, and make a difference in more local communities.
- **Land Trust Outreach** – ALT is committed to broadening our alliances with like-minded land trusts in Connecticut. We met with more than a dozen of them at the 2023 Connecticut Land Conservation Council Conference, where we also took part in panel discussions. We are determined to share our know-how more fully and to learn from what others are doing throughout the state. Together, Land Trusts in Connecticut can “super-size” their collective impact by working together.

Our vision is to help save the world one conserved acre at a time starting at the grassroots, in our homes, neighborhoods, and preserves. We look forward to working with all of you, and other land trusts across the state to expand and accelerate our efforts and results. Together, we will do our part to secure a livable and sustainable future for all. Our lives and the lives of future generations depend on it. 🌱

Sincerely,
Bill Kraekel
President

Flourishing native perennials from ALT preserves pictured above and on the cover remind us of some of the many wonders of nature that emerge when our work of conservation and protection is successful.

ASPETUCK LAND TRUST'S 57TH ANNUAL MEETING

Thursday, June 15

6:30 - 8:30pm

Pequot Library

Business meeting for members will include

The 1st Annual

Aspetuck Land Trust Awards

Conservationist of the Year

Native Landscape of the Year

Bridge Builder of the Year

Volunteer of the Year

Refreshments will follow on the lawn.

RSVP at AspetuckLandTrust.org/events 🌿

CONSERVATION ACROSS

The momentum continues!

Land for open space is quickly disappearing in Fairfield County, CT. Our highly fragmented suburban/exurban landscape is under intense development pressure. CT loses 3,700 acres to development each year which presents a serious threat to all life that depends on healthy systems to thrive as well as compromises our ability to mitigate the ever increasing serious effects of climate change. Once land is developed, it is gone forever so we are in a race against time.

At Aspetuck Land Trust we relentlessly focus on conserving land and are committed to protecting open space across our regional landscape. Our vision of the **40,000-acre Green Corridor** includes the new **705-acre Weston Wilton Forest Reserve, one of the last unprotected contiguous blocks of land in Fairfield County**. So far, we have successfully protected **214 acres** in the Reserve including the **85-acre Fromson Strassler** property and the **10-acre Montanaro** property in 2021. In the Fall of 2023, we will increase access to the Reserve via a new parking lot and diverse trail system. We

THE GREEN CORRIDOR...AND BEYOND

are also focusing on protecting an **additional 54 acres** of the last remaining undeveloped parcels. These are crucial for increasing human and wildlife connectivity by linking the Weston Wilton Forest Reserve to Devil's Den and our own Trout Brook Valley, a.k.a. the **Lungs of Fairfield County!**

2022 marked an important reminder that it often takes a whole town to come together to preserve land for future generations. **The Town of Easton** rallied in May and voted to protect **18.7 acres** of the **South Park** property from development, and voted again in December to protect an additional **10 acres** at the same site. These properties, along with the 3 adjacent parcels of our **Wagner Angler's Preserve**, allow us to protect and steward **over 23 acres along the Mill River**. This fisherman's paradise is home to one of only 9 Wild Trout Management Areas in the entire state of Connecticut where there is a naturally recurring wild trout population. We plan to purchase the 18.7 acres South Park property in 2023 and are eternally grateful to the **Town of Easton** for their support.

Over these past 3 years, the successful **Green Corridor Capital Campaign** has allowed us to make significant progress increasing the pace and scale of land acquisition and conservation, and the momentum continues across the region. After combining with **Monroe Land Trust** in 2021, it took us less than a year to acquire our first property there this past August – **7.8 acres** which is a crucial nexus to **120 acres of undeveloped land** owned by the town of Monroe and Aquarion. This is the first of many significant acquisitions as we move forward expanding the Green Corridor.

With climate change upon us, conserved open spaces are more critical than ever for climate resiliency, carbon sequestration, filtering water and air, and providing healthy habitats for interdependent native plants and wildlife. We thank our **Green Corridor Capital Campaign donors**, including **CT's Department of Energy and Environmental Protection's Open Space Watershed Land Acquisition program**, and **all our members** for joining us in this commitment to protect our open spaces before they are gone...forever! 🌿

326 Acres in 4 Years

- 34-acre Gilbertie's Farm, \$2 million
- 85-acre Daniel E. Offutt Gateway to the Weston Wilton Forest Reserve, \$1.2 million
- 10-acre Montanaro property in Wilton, \$612,000
- 18.7-acre South Park property on the Mill River, \$470,000
- 7.8-acre Guinea Rd property in Monroe, connecting to 120 acres of wildlife habitat, \$20,000
- 170.5 additional acres pending

LANDOWNER/HOMEOWNER ENGAGEMENT

Restoring YOUR small piece of the earth is a BIG thing.

At Aspetuck Land Trust we work hard to conserve as much land as possible as quickly as possible, before it is gone forever. But what can we do to restore habitat on the 70% of CT land that makes up backyards and privately owned spaces? Unique for a land trust in our region and in fact across the nation, **Aspetuck Land Trust helps bridge this gap by asking homeowners to reduce the size of their lawns** (and all the water, pesticides, fertilizers, and pollution emitting energy used to maintain them), **plant beautiful low maintenance native plants instead**, and **watch the wildlife thrive**. Even just a patch of native plants, shrubs or trees makes a big difference. **Imagine our regional landscape as a fabric of green and healthy landscapes woven together across 1,000's of acres of backyards and 1,000's of acres of conserved spaces**. This dream can become a reality as we see more and more landowners join the movement to rethink their lawns and restore native habitats.

Every year our Landowner Engagement numbers increase by up to 20%. Last year we sold over

\$115,000 worth of hard-to-find native plants which are now providing food and shelter to more birds, bees, and butterflies across Fairfield County. In just the past 3 years of our program, we have sold over **34,000 native plants to 1,417 customers**, engaged over **3,500 people in our webinar series** (12 per year) and **1,500 homeowners have pledged to 1) reduce the size of their lawns, 2) avoid pesticides, and 3) plant native plants**. And in the urban space, we broke ground last year on our **Bridgeport pollinator garden** project at 3 schools in the city while engaging the students in soil preparation, design, planting, seed cultivation, and all of the crucial benefits of a native garden. As Ron Rapice, Coordinator of the Talented and Gifted Program for Bridgeport Public Schools told us, the benefits of these gardens **aren't just an oasis for pollinators and birds, but for the kids who love these gardens like backyards of their own; their own small piece of the earth.** 🌱

PetraGardens Landscape Design

Tracy Penoyer

Restoring your small piece of the Earth – for the birds, for the butterflies, for us – is within reach and Aspetuck Land Trust is here to help!

We thank our donors, members, plant sale customers, volunteers, educators, and the naturalists, landscape architects, scientists, and environmentalists who share their expertise to energize this growing movement. Thank you for your support!

Jacque Littlejohn

BUILDING BRIDGES 2022

With a mission of connecting all to nature, 2022 was a fantastic first year for Aspetuck Land Trust's new Building Bridges program led by our Conservation Outreach Manager and Bridgeport resident Reggy Saint Fortcolin. In 2022 Reggy connected **over 150 Bridgeport kids and adults to wildlife and open spaces** by organizing nature experiences including trout fishing with **Trout Unlimited**; beekeeping with the **Huneebee project, Backyard Beekeepers Association**, and our own Ranger Jim Wood; owl and hawk catch and releases with **Larry Fischer**; a tour with Sal at **Gilbertie's Organics** farm; and many beautiful hikes. Participating organizations include **Wakeman's Boys and Girls Club, Green Village Initiative, 100 Girls Leading, Pivot Ministries** and **All our Kin**.

In addition to connecting Bridgeport community groups and organizations to the wonderful trails, preserves, and wildlife in our region, the Building Bridges program also broke ground on new pollinator gardens at 3 schools sites designed by Christine Cook of Mossaics Ecological Landscape Design with workshops and lessons facilitated by Ron Rapice, Coordinator of the Talented and Gifted Program for Bridgeport Public Schools.

Lou Bacchiocchi, Reggy Saint Fortcolin, and John Laiacone of ALT and Carrie Ramanaukas, Winthrop Elementary Teacher, planting natives

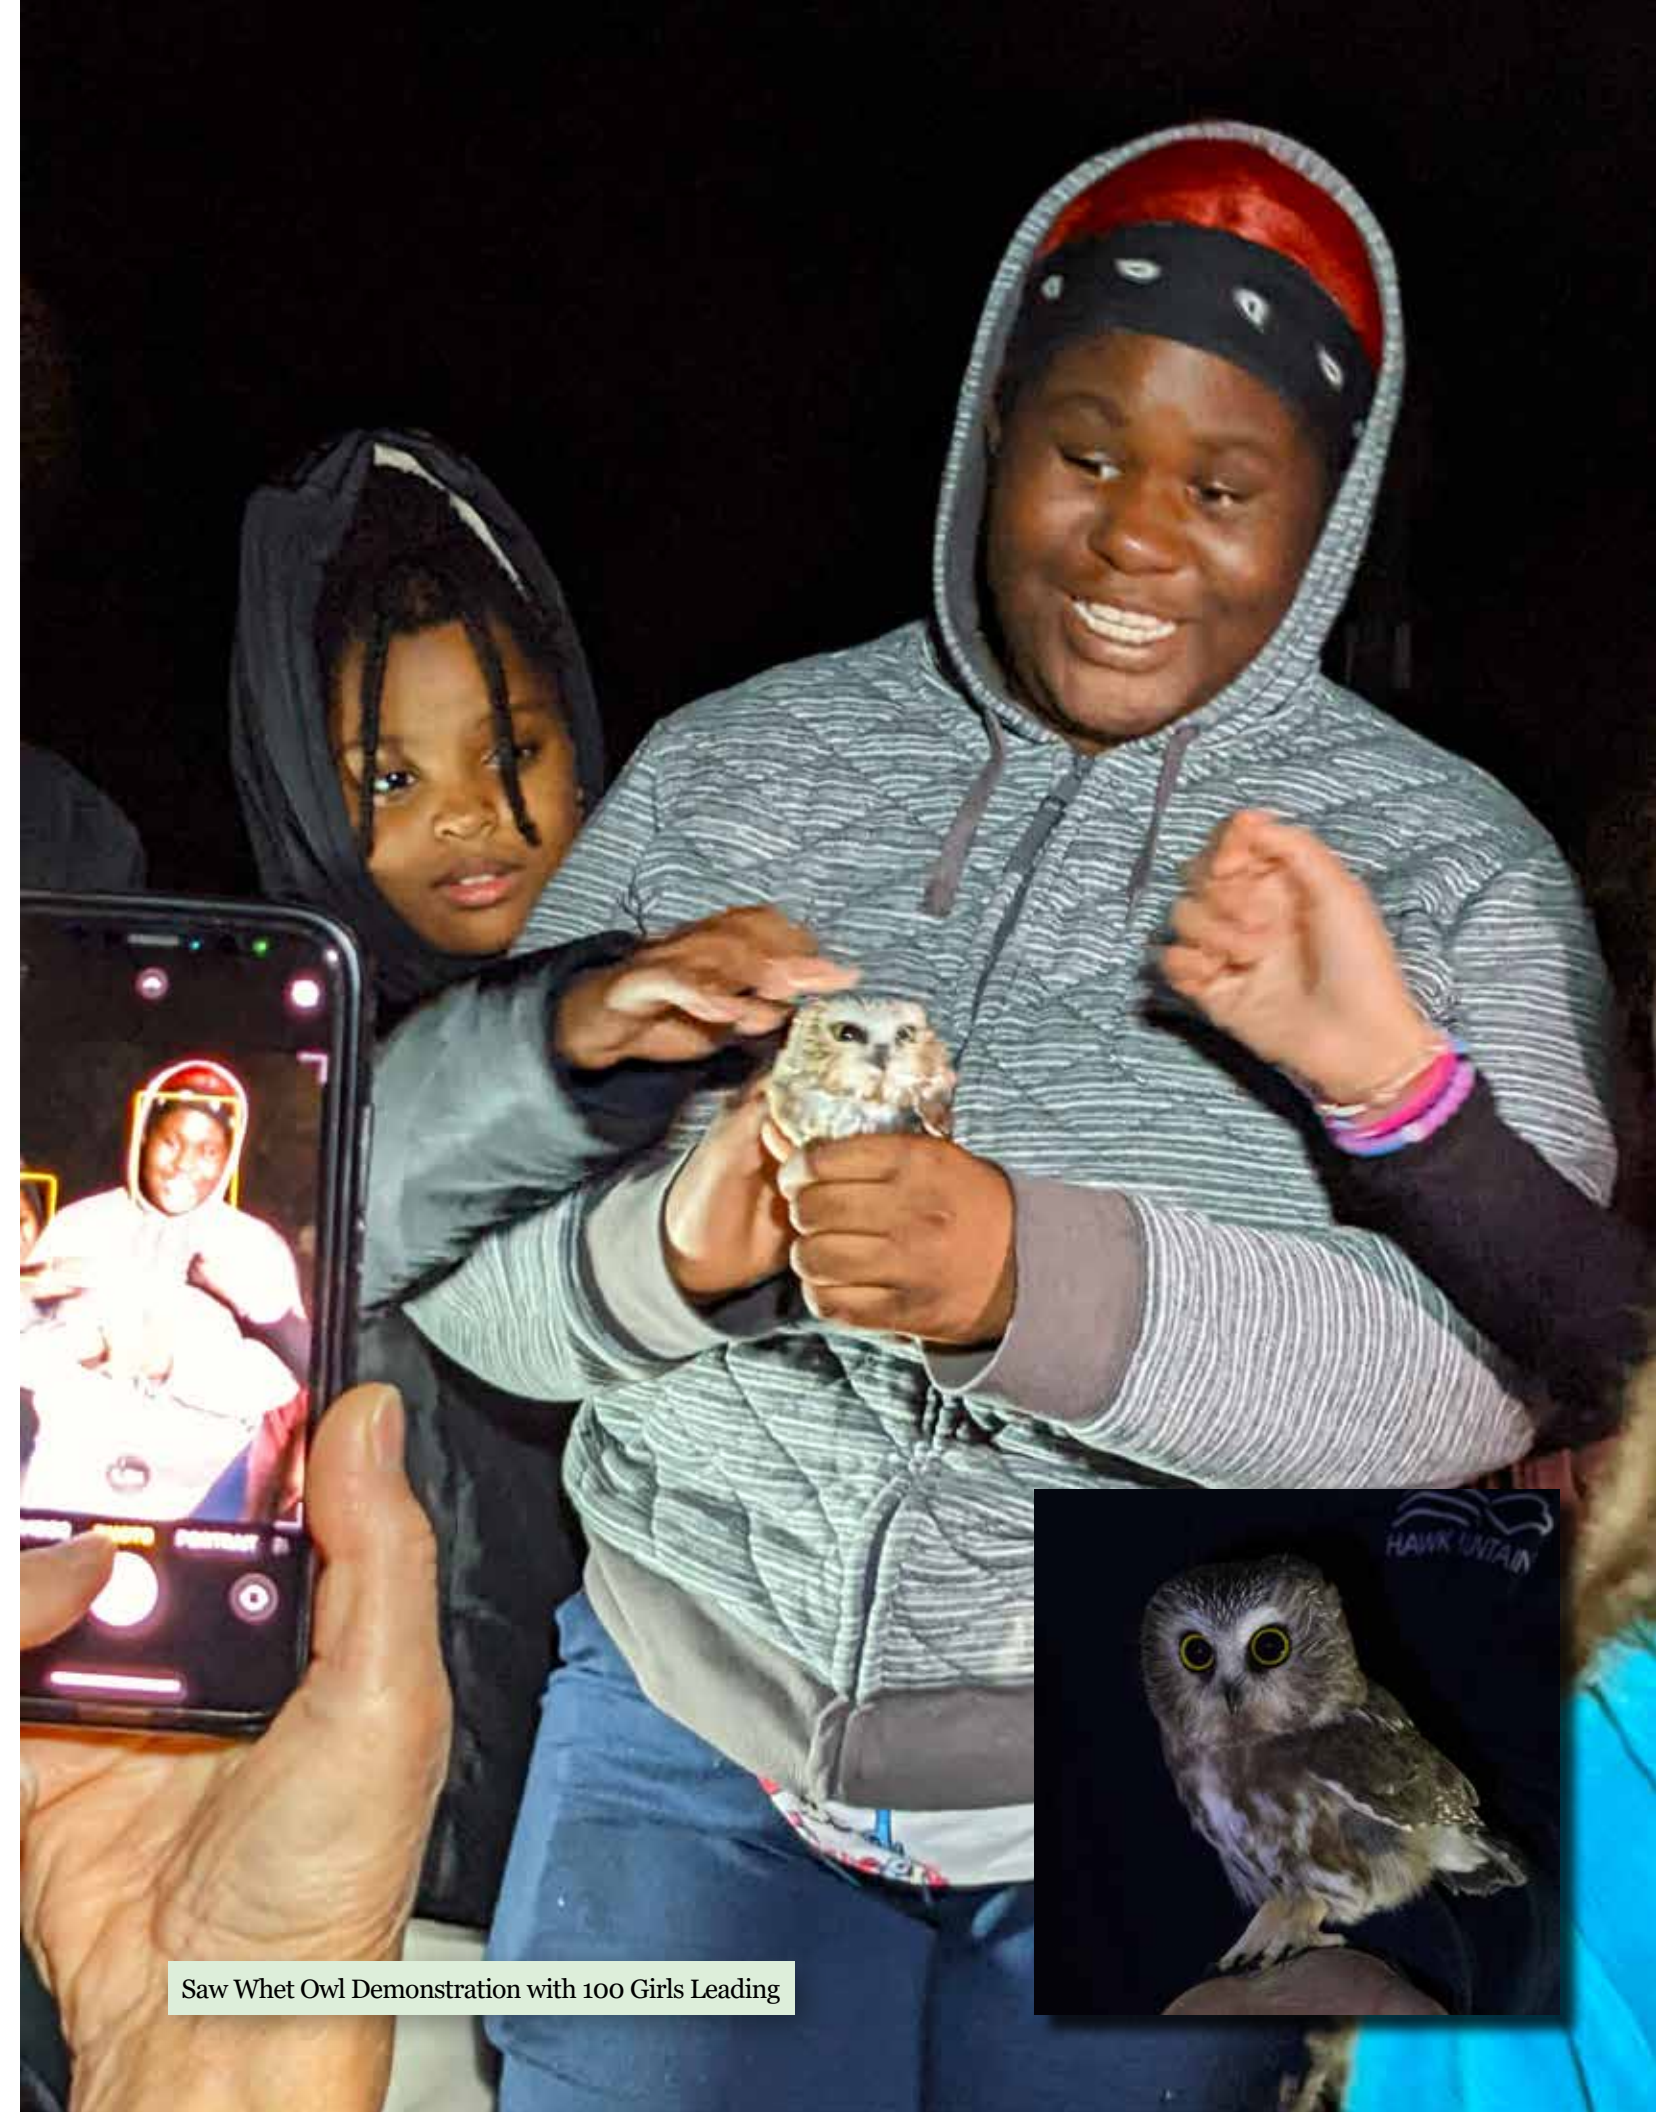

The kids were excited to learn about seeds and soil, and the native plants that provide pollinators and other wildlife food and shelter in these biodiverse backyards the kids can call their own!

Building Bridges has been made possible by the support of our generous donors and funding from Fairfield County Community Foundation's Donor Advised Funds and Newman's Own Foundation. 🌱

"Connecting people to nature in special ways, often for the first time, is **MAGIC**"

HASKINS LECTURE 2022 WITH JAMES PROSEK

Thanks to the **Caryl and Edna Haskins Fund**, every year Aspetuck Land Trust invites a speaker as our Haskins Lecturer. Past speakers include Bill McKibben, Doug Tallamy, and Dr. Tracy Rittenhouse.

Over **250 people** attended the Haskins Lecture in 2022 at Westport Library, featuring renowned artist, author, and devoted conservationist from Easton, **James Prosek**. 🌿

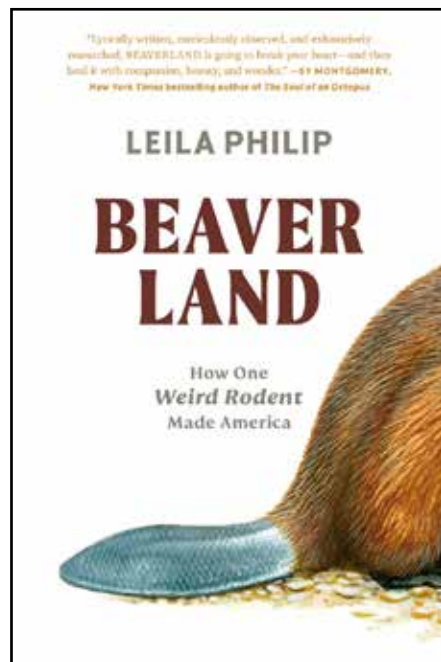

ALT Member Abby LePage and Lou Bacchiocchi, Land Stewardship Director attend the 2022 Haskins Lecture

HASKINS LECTURE 2023 WITH LEILA PHILIP

Mark your calendars!
Thursday, October 26th
7:00 - 8:30pm
Westport Library

NYTimes best seller, *Beaverland* author Leila Philip will be our **2023 Haskins speaker**. Don't miss the lecture about this wonderful creature, the remarkable role beavers have played in American history, in our imaginations, and the role they will play in our ecological future. 🌿

WE LOVE OUR VOLUNTEERS

Fall Native Plant Sale

South Park Clean-Up

It takes a village and then some! Aspetuck Land Trust is fortunate to have a robust and engaged volunteer program run by volunteers Joan Byrne and Van Dusenbury. **In 2022, we had over 448 volunteers** attack invasives, steward 60 miles of trails, prune blueberries, clean up a new property, order, plan, unload, and reload for customers **34,000** native plants, trees, and shrubs. We simply could not do this work without them and we are so grateful!

In trail and preserve maintenance we had **140 Trail Stewards** perform supervision and maintenance on over 60 miles of trails. This year we also were so lucky to have over **40 volunteers**

help us clean up the South Park property in Easton before the big vote! The **89 hard-working members of our Invasive Removal Group** help provide the Sisyphean task of eradicating invasive plants from our preserves. **Blueberry Pruning** volunteer sessions are quite popular engaging over **129 participants** who prune our 4 acres of CT blueberries, without which there would be no blueberries to harvest. For our biannual **Native Plant Sales**, (over \$282,000/34,000 native plants sold to date) **50 volunteers** help us plan the sale, select and order plants, unload plants, organize orders in the field and facilitate pickup in the Spring and Fall. 🌿

2022 Invasive Species Control Team

IN MEMORY OF ALAN P. GOLDBECKER 1942 - 2023

Former Aspetuck Land Trust board member Alan Paul Goldbecker, age 80, passed away on February 19, 2023, at his home in Easton, CT. Alan was the Treasurer of Aspetuck Land Trust where he guided the organization's finances with his steady hand. He grew up in the Black Rock section of Bridgeport, attended the Hopkins School in New Haven, and graduated from Hamilton College in 1965. While at Hamilton, he followed a liberal arts curriculum with an emphasis on Economics and was a member of the Delta Kappa Epsilon fraternity. Alan loved stone walls and he led many 'history of stone wall' hikes at ALT's Poindexter Preserve. He played football at Hopkins and ice hockey at both Hopkins and Hamilton College. He was an avid tennis player, swimmer, and alpine skier, and loved sailing at Black Rock Yacht Club where he became Commodore. Alan was a man of honor who gave back to his community. Besides his service to

Aspetuck Land Trust, he was on the Easton Fire District #1 and served on the Easton Pension Commission for 20 years. Alan is survived by the love of his life, his wife Judy, and by his children, Lisa Goldbecker and Paul Goldbecker II, daughter-in-law, Kimberly Stack Goldbecker, and a grandchild, Norah Stack Goldbecker. 🌿

LEAVE A LEGACY

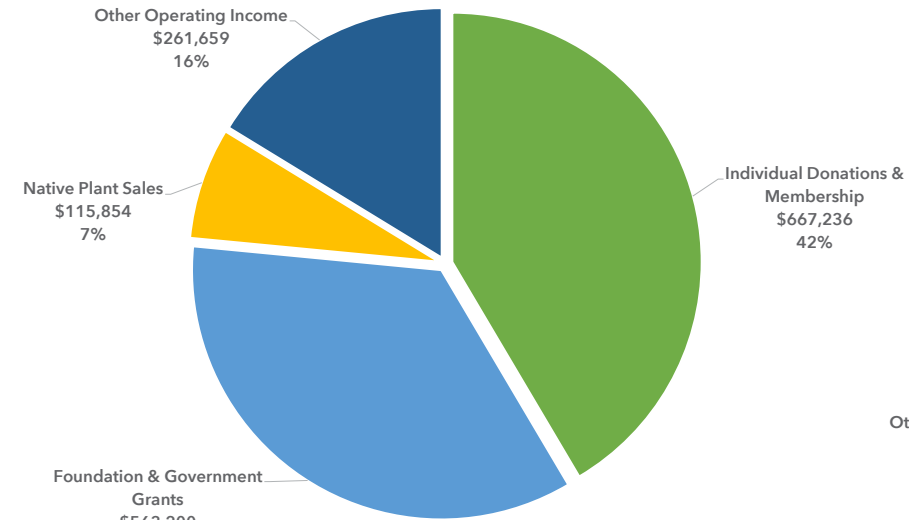

Protect the nature you love by making a gift to Aspetuck Land Trust in your estate plans. By naming Aspetuck Land Trust as a beneficiary of your will, living trust, or retirement account, you can make a visionary gift that will conserve land for generations to come.

Individuals who have made a planned gift, and have let us know, will be recognized on a permanent "Legacy of Open Space" monument in the 1,009-acre Trout Brook Valley Preserve orchard. Since the Legacy Society was launched, a number of ALT members have come forward to join the Society. These generous gifts help save land for future generations.

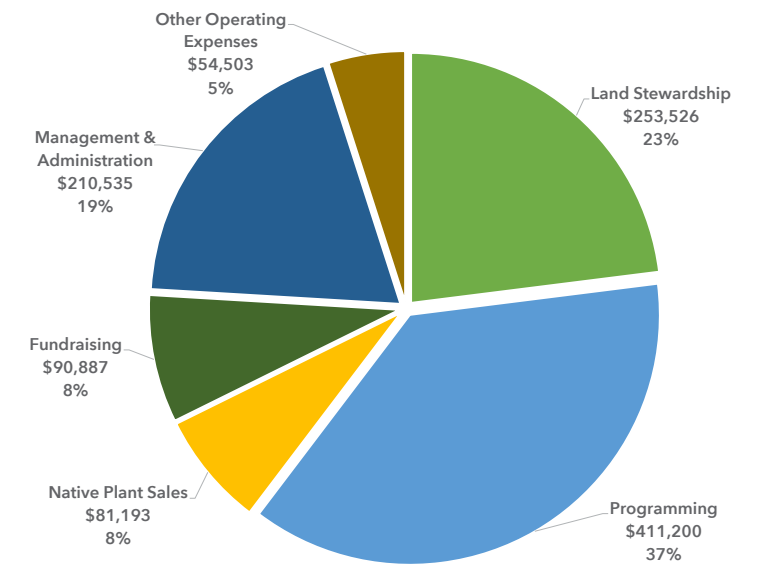

For more information contact Kim Craig at 203-331-1906 or kcraig@aspetucklandtrust.org, or visit www.aspetucklandtrust.org/planned-giving. 🌿
